DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Approval was received from applicant's representative David Z. Petty on March 14, 2007 to assess the filing fee as required under 37 CFR 1.97 (d)(2) for the information disclosure statement filed January 8, 2007.

Please find attached a copy of the information disclosure statement filed January 8, 2007. The references fail to anticipate or render obvious the steering mechanism comprising a set of linking members connected to a spring-loaded plunger pin, the plunger pin being guided through a ratcheting mechanism when pressure is applied to the pedal, as recited in claim 1; or the first linkage members having a plunger pin, the plunger pin being guided through a ratcheting mechanism, as recited in claim 6; or the steering mechanism including a recessed guideway along which the linkage member travels, the guideway defining an intermediate position for the pedal when moving between the locked and unlocked positions, as recited in claim 11.
